TIP OF THE MONTH

Mix it Up! To really get the juices flowing, mix your textures and plaids of similar hues, it is fun and stretches your wool supply. If you desire a more uniform color, overdye your various wools with a wash of a single dye color. For example for an evening sky find various wools that range in color from off white through grays, pinks, purples, heathered greens and blues. Overdye these wools together with a little silver grey mixed with sky blue. This will marry these colors for a great dusky sky.

FEATURED RUG

Title: Who Called This Meeting?

Artist: Jyl Clark

Design by: Ann Hallett

Size: 27" x 39"

Cut: 8

Hooked with: Wool on Linen

This piece was a lot of fun to hook. As usual, I traveled to the basement to pull from my stash. I did not have enough blue to complete the sky in one color, so I used a mix of 5 blues and 1 purple. The same purple was used in the tree trunk along with browns, and antique blacks; all textured. I believe I used every orange I had, highlighting with golds, greens, and purples. The only constant was my grass. That was a wonderful English wool! Experiment and have fun mixing it up.
